Ms. Lara Diana

SM Prime Holdings, Inc.

MOA Complex, Pasay

Dear Ms. Diana,

I am writing to express my interest in applying for an internship position at SM Prime Holdings, Inc. I am currently a student at National University – Dasmariñas pursuing a Bachelor of Science in Information Technology, Major in Mobile and Web Applications.

Throughout my academic and project work, I have developed skills in full-stack development for both front-end and back-end systems. As a freelance full-stack developer for Amora Flora, an e-commerce mobile and web application, I built application features, connected the user interface with the database, and delivered a working system based on the client's requirements. For my capstone project, LegalLink, a law firm online consultation system, I served as project manager and full-stack developer, prepared the technical paper, and helped provide a law firm in Silang, Cavite with a system for online consultation and services.

I am proficient in Flutter, Java, Python, MySQL, React, Figma, and Microsoft Office. I have also completed certifications in Database Management Systems, Cybersecurity, AI Fluency, and Claude Code. I am a fast learner, an active listener, and goal-driven, and I am eager to keep learning. I am confident that these skills, together with my dedication, would allow me to contribute to your organization while gaining valuable industry experience.

I would be grateful for the opportunity to join SM Prime Holdings, Inc. as an intern and further develop my professional skills in a respected organization. Thank you for your time and consideration. I look forward to the opportunity to discuss my application with you.

Sincerely,

Shaeirra Jae A. Jimenez
